<u>Certification Cycle</u>	<u>Total Pdus in Cycle*</u>	<u>Transferable Pdus**</u>
02 Feb 2001 - 31 Dec 2004	297	20
01 Jan 2005 - 31 Dec 2007	320	5
01 Jan 2008 - 01 Feb 2011	5	0

* PMPs may submit PDU claims up to twelve months after the expiration date of the cycle in which the activities were completed. This applies to credits needed for the minimum requirements of the cycle and any transferable credits earned in the cycle. Note: All of the required PDUs must be completed and reported no later than the cycle expiration date to avoid suspension.

For example:

Cycle dates 1 January 2005 - 31 December 2007

31 December 2007 - PDU submission deadline to avoid Suspension

31 December 2008 - Final PDU deadline for all claims completed in this cycle (regular requirements and transfer)

PMI recommends submitting PDU activity reporting forms as soon as possible after completion of the event.

** Up to 20 excess PDUs completed during the final year of the current CCR cycle may be applied to the next CCR cycle. PMPs should report these additional PDUs normally. The transfer will be done automatically. Transferred PDU amounts are included in the next cycle's listed total. NOTE: Transferable credits are not awarded for PDUs claimed in excess of the maximum amount allowed through a limited PDU category.

*** Meeting the 60 PDU requirement does not automatically complete the renewal program. An application for certification renewal is mailed to each PMP when they meet or exceed the necessary number of PDUs. Completing and returning this application will finish the renewal cycle.

To ensure proper delivery of this application please notify PMI of updates to your contact information when they occur.
